

VOORHEES EXPLAINS.

The Republicans Are Told That Democrats Can't Agree.

Each House Insists on Having Its Own Bill Adopted.

MANY DIFFERENCES.

Democrats Intended No Discourtesy to Republicans.

WASHINGTON, July 18.—The first formal conference on the tariff bill, with all the senate and house members, both Democratic and Republican, present, was held yesterday and continued only about an hour.

The proceedings of the full conference consisted in an effort on the part of the Democratic members to enlighten their Republican colleagues upon the elements of disagreement between the Democratic members of the two houses without revealing the methods by which they have sought to get together or the details of the proceedings of the Democratic conferences. It had been expected the Republican conferees would, at the outset, indulge in some criticism on having been kept out of the conference during its initial stages, but the Republicans had little to say beyond forcing the Democrats to wait until Senator Voorhees, as head of the Democratic conferees, made a somewhat formal and full statement of the situation.

He said no discourtesy to the Republicans had been intended. The meetings had not been Democratic meetings, but had been confined to an effort to bring about some settled policy among the Democratic conferees. Senator Voorhees added he was frank to confess that the efforts toward agreement had not proved successful. The features of the disagreement were then gone into at considerable length by Mr. Voorhees and his associates. The result is the coal, sugar, wool and cotton schedules had been the chief bone of contention, but he did not give particulars in any case except that of sugar, with reference to which he stated that the members had indicated a willingness to grant some duty on that article, but had objected to the differential duty on refined sugar.

On the other articles which had been the basis of disagreement, Senator Voorhees and other Democratic members of the conference contented themselves with saying the Democratic conferees of the two houses had contended each side for its own bill. In the general discussion the Republican conferees gathered that sugar, iron ore, coal, the woolen schedule, cotton schedule and silver lead bearing ores were the chief questions of disagreement.

The question finally arose as to what would be done now that the full conference had assembled. It was suggested by Senator Aldrich that the bill should be taken up item by item and be considered by Republicans and Democrats, but the point was raised that this appeared to be hardly worth while in view of what the Democrats had just disclosed—that there was no prospect of agreement on the main questions.

There was no further proposition submitted and no programme outlined and the conference adjourned until 3 o'clock to-day, the Democratic conferees agreeing to meet prior to that hour to further consider the course to be pursued.

COOLEY TO CLEVELAND.

The Michigan Jurist Warmly Commends the President's Strike Course.

WASHINGTON, July 18.—In view of criticisms that have been uttered in certain quarters on the legality of the course pursued by President Cleveland in using federal troops, notably in Chicago, not to preserve the peace, but to execute the decrees of the federal judiciary and keep in operation the provision of a law which returns to commerce law the following letter from one of the most able exponents of the constitution in the land has peculiar application:

"AN ARRON, Mich., July 18, 1894.
"HONORABLE SENATOR.—Now that the great crisis in which your official intervention became so necessary has passed, I feel it my duty to express my unqualified satisfaction with every step you have taken in vindication of the authority and with the restoration of law and order which has followed or is now in progress. This course and which I think, worthy, like the accompanying firmness of highest principle and an especially gratifying that a great and valuable lesson in constitutional construction has been settled for all time with remarkably little bloodshed. You and the attorney general also have won the gratitude of the country, not for this generation only, but for all time and that God may bless you for it is the sincere prayer of your obedient servant,
THOMAS M. COOLEY."

MAY ALL RETURN TO WORK

Superintendent of the Southern Pacific Meets the Strikers.

SACRAMENTO, Cal., July 18.—It is just reported that General Superintendent Fillmore and the mediation committee of the American Railway union have had a conference. Fillmore showed the committee the contract between the company and the Pullman company to run the sleepers. Fillmore said the strikers could return to work without prejudice, with the exception of those arrested for crimes. The committee will have the contract read at the meeting of the various unions.

"All run down" from weakening effects of warm weather, you need a good tonic and blood purifier like Hood's Sarsaparilla. Try it.

Are You Troubled With Constipation or Sick Headache? If so, why not try Beggs' Little Giant Pills? It only takes one pill a day; giant pills in a bottle. One bottle will cure you, and only costs 25 cents. Sold and warranted by W. R. Kennedy.

Ring up American Steam Laundry, tele. 241, and have them call for your laundry.

CONCENTRATING TROOPS.

All the Regulars at Chicago Will Be Kept at Fort Sheridan.

WASHINGTON, July 18.—The daily reports received at the war department from the troops engaged in preventing disturbance on the railroads in the West show that the resistance of the strikers has generally diminished from rioting to petty annoyance and obstruction. This is particularly true of the Northwest. From San Francisco General Rager reports that it will be necessary to send the troops under guard for some time to come.

The history of the Chicago riot has confirmed in official circles here belief in the soundness of General Schofield's policy of concentrating the troops at grand central posts near the large cities. At Chicago, although the troops will be withdrawn from the city, they will be gathered at Fort Sheridan, and none of the companies, batteries and troops from eastern and western points will be sent back to their posts. They will constitute the permanent garrison of Fort Sheridan, which with this powerful force so located as to be easily and quickly massed at Chicago or any point of disturbance, will become one of the first units of the new system of holding the troops at grand central posts near the large cities. At Chicago, although the troops will be withdrawn from the city, they will be gathered at Fort Sheridan, and none of the companies, batteries and troops from eastern and western points will be sent back to their posts. They will constitute the permanent garrison of Fort Sheridan, which with this powerful force so located as to be easily and quickly massed at Chicago or any point of disturbance, will become one of the first units of the new system of holding the troops at grand central posts near the large cities.

TO THE OLD WORLD.

The European Rate War Has Started an Exodus.

CHICAGO, Ill., July 18.—The European rate war inaugurated by the leading steamship lines may result in a wholesale exodus from Chicago of many men connected with the late strike. Never before in the history of steamship rates has it been possible to go from Chicago to any European port so cheaply. Since the cut rates have been inaugurated the exodus from Chicago and the Northwest to various points in Europe has figured up a third of the traffic to New York, according to the estimates of local steamship lines, and the announcement of the rate war has been hailed as a real beginning of European people. Dozens of men who said they were now on a strike have been making inquiries at local steamship offices within the last few days, expressing their intention of returning to the old country in case the strike was a failure.

ASSAULTS ON TRAIN MEN.

Indiana Officials Derelict in Their Duty at Fort Wayne.

FORT WAYNE, Ind., July 18.—New men employed on Fort Wayne railroads in the yards and as train men are hourly subjected to the most brutal assaults from discharged men. Last night Arthur Baldwin, a Nickel Plate switchman, was found in the yards in a dazed condition, and a call boy over him violently stoned. Conductor Mulcahey of the Pennsylvania, was knocked down by a large rock and kicked in the face. Three switchmen in the Pennsylvania yards were clubbed and relieved of their hats. Both Nickel Plate and Wabash passenger trains were stoned. Christian Hess, the only rioter arrested, fired two shots at Captain Borgman of the city police before he surrendered.

Killed in an Asylum.

ROCHESTER, N. Y., July 18.—Gertrude Elhinger, a patient in the state hospital for the insane here, was killed by Mary McLellan, another inmate. Both women went into the lavatory at 9 o'clock yesterday morning. An attendant heard them struggling and screaming and entering the room, found the McLellan woman, who is about 40 years old, kicking Mrs. Elhinger. The old lady lingered until 5 o'clock when she died of concussion of the brain, due to her injuries.

Struck by Lightning.

DENVER, Col., July 18.—Off four boys who were fishing in Argo lake during a thunder storm, James Burrell was instantly killed by a flash of lightning and his body forced to the bottom of the lake where it stuck in the mud; Robert Henry was paralyzed and the other two were stunned. At Colorado Springs a six-year old boy was struck, and when picked up found to be badly burned, totally blind and unconscious. He will not recover.

Got Tied Up Himself.

NEW ORLEANS, La., July 18.—Labor agitators Hurley, Harrison and Sperry were committed for trial before the United States circuit court commissioner yesterday. Hurley said that if he had twenty minutes more he would have tied up every road in the city, but he had not those twenty minutes and instead of the roads being tied up, he is tied up himself.

A Boy Kills His Brother.

KANSAS CITY, Mo., July 18.—Leonard Pratt, 9 years of age, of Kansas City, Kan., shot and killed his brother, William Pratt, 12 years of age. The boys were playing with a revolver. The bullet struck the boy in the head causing almost instant death.

NEWS IN BRIEF.

Henry A. Taylor, a New York banker, has been sued by his wife, Elizabeth E. Taylor, for separation, on the ground of cruelty and abandonment. Two years ago they were separated. It is said that Taylor is worth from \$2,000,000 to \$3,000,000.

In Huntington, W. Va., the large residence of John Dickley was burned. During the conflagration Miss Nora Carter, a young lady visiting the family, ran into a room to secure her jewelry, and had to jump from the second floor, receiving fatal injuries.

In Toledo, Ohio, the city authorities, after keeping the Rydowski family commonwealers in the city prison all night, determined to ship them out of town. Accordingly, they were fed, marched to the depot, put on a train, which dumped them just beyond the easterly city limits.

WAR GROWS WORSE.

Dynamite and Fire in the Pond Creek Trouble.

A Secret Order Heads the Work Against Rock Island.

LIFE IS NOT SAFE.

Life and Property Are Threatened by the Organization.

GUTHRIE, Ok., July 18.—The war between the people of Enid and Round Pond and the Rock Island railway grows worse hourly. At an early hour yesterday morning another bridge was blown up, putting a stop to all travel on the road. Later a long section of track was torn up south of Round Pond and at noon a bridge was fired, but was partly saved by the soldiers and guards. All section men living in that vicinity have been warned to stop helping the railway under penalty of death to themselves and the destruction of their homes by fire. Several of the Rock Island guards were assaulted by the Enid and Round Pond mob at Round Pond, County. Attorney Asher was driven out of town by an armed mob and the intervention of a few conservative citizens alone saved his life.

The work of destruction is being carried on by a secret organization composed of men who will stop at nothing, and it is stated upon good authority that they have been paid \$6,000 to carry on the guerrilla warfare, and, if necessary, burn every bridge in the Cherokee strip, tear up the track and wreck trains until the railway company recognizes the two towns. A veritable reign of terror exists in the two counties, and no man knows what will happen next. The troops and deputies are wholly unable to cope with the mob, who care nothing for them. One man yesterday openly threw a dynamite bomb under a train carrying soldiers. The railway company and the better citizens are telegraphing for more troops, but it seems to be impossible to make the authorities at Washington understand the gravity of the situation.

GOVERNOR'S PROCLAMATION.

Lowie Offers a Large Reward for the Arrest of Lawbreakers.

GUTHRIE, Ok., July 18.—Acting Governor Lowie has issued the following proclamation: Whereas, it has been made known to me that there is a lawless element operating on the Rock Island and Pacific railway; that evil disposed persons have been burning bridges and using dynamite with malicious design to injure and burn the property of said company within the territory; now, I, Thomas J. Lowie, secretary and acting governor of the territory of Oklahoma, by virtue of the power vested in me by the laws of said territory, do hereby offer a reward of \$500 for the arrest and conviction of any person or persons guilty of burning or attempting to burn any of the bridges, tracks, cars, or other property of said railroad company or the building or buildings of any citizen of said territory, and all good, law-abiding citizens are hereby requested to aid the officers by assistance or information in arresting and bringing to justice parties guilty.

UNUSUAL PROGRESS.

The Senate Passes Ten of the Fourteen Appropriation Bills in a Week.

WASHINGTON, July 18.—The fact that the senate has made such rapid progress with the appropriation bills since they were taken up has led many to believe that their dispatch is a part of the general scheme of the senate to force the house to a more speedy agreement on the senate tariff bill. Ten of the fourteen appropriation bills were passed by the senate in little more than a week's time, which is unprecedented progress, and the indications are that the bills remaining to be disposed of will be with equal rapidity when reached.

With all the appropriation bills passed by the senate there will be nothing but the conference reports on these bills and the tariff between congress and adjournment. There are many senators who count upon the eagerness of the members of the house to get home, in view of the necessity of looking after their political fences, to help materially in bringing the house to accept the senate's terms on the tariff.

Opened Her Rival's Letter.

CHILLICOTHE, Mo., July 18.—Miss Blanche Day, deputy postmistress of Fountain Grove, was arrested on a warrant charging her with tampering with the United States mail. She was arraigned before United States Commissioner L. A. Chapman and the case continued until the 27th inst. Letters that were passing through the mails between her sweetheart and another lady it is alleged, tempted her to inquire into their contents.

The Crowning Beauty of Woman.

Is a luxuriant growth of Hair. Beggs Hair Renewer is guaranteed to give satisfaction, as it is purely a vegetable preparation, and acts directly on the roots of the hair. Sold and warranted by W. R. Kennedy.

For instance, Mrs. Chas. Rogers, of Bay City, Mich., accidentally spilled scalding water over her little boy. She promptly applied De Witt's Witch Hazel Salve, giving instant relief. It's a wonderfully good salve for burns, bruises, sores, and a sure cure for Piles. J. K. Jones.

"There is a Salve for every wound." We refer to De Witt's Witch Hazel Salve, cures burns, bruises, cuts, indolent sores, as a local application in the nostrils it cures catarrh, and always cures piles. J. K. Jones.

We put on new neckbands on shirts. Peerless Steam Laundry, 112 and 114 West Eighth street.

ON THE PACIFIC COAST.

Trains on the Southern Pacific Running With More or Less Regularity.

SAN FRANCISCO, July 18.—The Southern Pacific continues to run passenger trains with more or less regularity during the hours of daylight, but all night trains are still being abandoned. For the present, but one west bound and one east bound overland train a day will be run on the Oregon route. Non-union train crews are not flocking to division headquarters and this is probably the reason why so few freight trains are being moved. The first fruit train dispatched for the East since the strike was ordered by Delta was sent out of Sacramento yesterday.

At Sacramento, the only exciting incident of yesterday was the dispatching of a train bearing sixty United States regulars to Dunsmuir, on the Oregon branch. The company's agent at Dunsmuir reported that the strikers there were becoming ugly.

The strikers at Sacramento continue active, however. Monday several hundred men who had obeyed the order to strike returned to work in the machine shops. Yesterday morning most of them remained away. The men have been intimidated by the strikers and feared violence at the hands of the A. R. U.

In Oakland as well as Sacramento the railroad officials are meeting with difficulty in getting enough men to run their shops and man their trains. The strikers have been pretty successful in intimidating the men who otherwise might have stepped into the position.

WRECKED BY DYNAMITE.

Northern Pacific Train Damaged by a Dynamite Cartridge on the Track.

MISSOULA, Mont., July 18.—An east bound Northern Pacific train, the first in sixteen days, was wrecked yesterday at a point about two miles east of here by a dynamite cartridge concealed on the track. The engine had barely struck the spot when a terrific explosion was heard, the shock shattering the pilot and right cylinder and piston rod. It also broke the windows of the cab and mail car. Had the engine gone fairly over the cartridge the result would have been more disastrous, as some eight coaches constituted the train, which was loaded with troops and passengers. The strikers denounce the outrage. There is considerable feeling here over the return to work of some engineers and conductors, and it is expected that some one in sympathy with the strikers adopted this method of deterring further progress.

A trestle 100 feet long, three miles west of here, and one 150 feet long on the Cour d'Alene branch, were burned last night.

FLOWERS FOR BRECK.

Women of Donerail, Ky., Pelt the Silver Tongued With Bouquets.

LEXINGTON, Ky., July 18.—Fayette county, the home of the two Ashland district congressional opponents, heard both yesterday. Colonel Breckinridge speaking at Donerail and Mr. Owens at Muir. There were many ladies present at both meetings. The women near the rail threw bouquets at Breckinridge by dozens, and the pious ones were shocked when he compared them to women of old who sympathized with Stephen when stones were being cast at him. Breckinridge left for Washington last night after kissing his son Desha good-by in the presence of the audience. Mr. Owens handled Breckinridge's congressional record without gloves. He said the reason the colored man had done nothing for the Kentucky river appropriation was because he was attorney for the Chesapeake and Ohio railroad.

AN EIGHT-HOUR DAY.

Senator George Introduces a Resolution Prescribing a Legal Day's Work.

WASHINGTON, July 18.—Senator George has introduced a joint resolution providing for an amendment to the constitution providing eight days work for persons doing manual labor. The proposed amendment specifies that no person or association engaged in mining, manufacturing or any other mechanical pursuit or public works, or in transportation other than water craft shall permit any employee doing manual labor to work more than forty-eight hours in one week, except in cases of emergency prescribed by law. Persons voluntarily and lawfully engaged in any of the above pursuits shall not be unlawfully hindered or obstructed.

The elections in New South Wales have resulted in the defeat of the government and the return of fifty-eight Free Trade, thirty-nine Protection, and twenty-eight Labor members.

Struck at Last!

A sure cure for coughs and colds. "Snow's Pure Expectorant" is guaranteed. Price 25c and 50c per bottle. For sale by all druggists.

As with others, the "hum of industry" also means work with the Jersey mosquito.—Philadelphia Times.

"Her heart is as hard as glass. I can't make any impression on it." "Have you tried a diamond?"—Kate Field's Washington.

The weather is undoubtedly reasonable, but the seasoning is a little high.—Washington Star.

A RETIRED BUSINESS WOMAN.

A Page From Her History.

The important experiences of others are interesting. The following is no exception. "I had been troubled with heart disease 25 years, much of that time very seriously. For 14 years I was treated by one physician continuously. I was in business, but obliged to retire on account of my health. A physician told my friends that I could not live a month. My feet and limbs were badly swollen, and I was in a serious condition when a gentleman directed my attention to Dr. Miles' New Heart Cure, and said that his sister, who had been afflicted with heart disease, had been cured by the remedy, and was again a strong, healthy woman. I purchased a bottle of the Heart Cure, and in less than an hour after taking the first dose I could feel a decided improvement in the circulation of my blood. When I had taken three doses, I could move my ankles, something I had not done for months, and my limbs had become so supple that they seemed almost purified. Before I had taken one bottle of the New Heart Cure the swelling had all gone down, and I was so much better that I did my own work. On my recommendation six others are cured by this valuable remedy."—Mrs. Morgan, 609 W. Harrison St., Chicago, Ill.

For Sale by all Druggists.

Dr. Miles' New Heart Cure, a discovery of an eminent specialist, has been sold by all druggists on a positive guarantee, or sent by Dr. Miles Medical Co., Elkhart, Ind., on receipt of price \$1 per bottle, six bottles for \$5, express prepaid. It is positively free from all opiates or dangerous drugs.

COMPETITION

IS THE

LIFE OF TRADE.

We invite competition, but we do not compete with the House of Refuge; we have no band of devoted ladies to beg money to replace our worn-out fittings or buy a new cooking range. We pay for our advertising when we can, and when we can't we don't beg for free notices. We have the nicest steaks and sirloin roasts fresh every day. We pride ourselves on keeping the best cooks and the most efficient waiters of any house in town.

THE CREMERIE,

TOPEKA - KANSAS.

A Tale of Woe

Important to Sufferers From Heartburn, Loss of Appetite, etc.

Mr. W. E. Robertson.

"St. Louis Grocer and General Merchant, Editorial Department, St. Louis, Mo."

"Early last summer I became afflicted with heartburn. Frequently I was seized with Stomach Trouble and Indigestion. I lost flesh, my weight falling off from 175 pounds to 150. I worried along for six months, trying first one and then another friend's prescription, seeking a relief. My appetite was gone, and I couldn't have used any digestion if I had had it. Well, I chanced to read an advertisement in a St. Louis paper, in which the statement was made that Hood's Sarsaparilla cured heartburn, and I bought a bottle and began taking it, and just then new trouble began. What there was left of my stomach would Tangle Up Like a Pretzel."

If I as much as thought of eating anything solid, and I knew that Hood's Sarsaparilla wouldn't do any more than make it turn a hand spring. But I was disappointed. A few doses of Hood's Sarsaparilla and I began to feel better. I could hardly believe it myself when I ate a half of a lobster and found that it really meant to remain with me over night. Gradually my Appetite Returned to Me, and I soon found I could eat most anything, and also began to grow fat. I took 2½ bottles of Hood's Sarsaparilla, and then out because I had to. My salary wouldn't justify any more to eat. I could sit down at a well filled table and eat a clear spot around myself in ten minutes. This briefly have I stated the narrative of the 'Fall and Rise of a Zealous Stomach' over which I preside." W. E. ROBERTSON, St. Louis.

Hood's Pills cure all Liver Ills, Biliousness, Jaundice, Indigestion, Sick Headache, etc.
